

Spunky Monkeys Tattoo Studio

CARE SHEET

1. Your tattooist will cover your tattoo in a wrap. This must stay on for a minimum of one hour.
2. After one hour, remove the wrap.
3. Using an unscented soap (e.g.: Dove, Johnson's) lather the soap in clean hands and wash your tattoo, washing away any blood and ink.
4. Rinse with cold water and dab dry with a clean towel.
5. Apply a small amount of Bepanthen three times a day.
6. Your tattoo may scab over, this is normal. Itchiness may occur but avoid scratching and picking at all costs as this will ruin the final outcome.
7. Avoid sun exposure (including sun beds), swimming, extreme sweating (eg: gym, etc.) and soaking in a bath for long periods of time. Also avoid wearing woollen clothes that would come into contact with the tattoo as this will aggravate the tattoo.
8. Do not let people touch your tattoo!
9. We will only touch up your tattoos for free when they have been looked after properly. If you do not follow these guidelines above you will be charged for any touch up work needed - minimum £30.00. You must have your tattoo touched up within 6 weeks from the date of your appointment or you will be charged a minimum of £30.00.
10. We have done our job, now it's your turn to do yours.
11. If you are unsure about anything, ask your tattooist for advice, that's what we're here for.
